**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 6 and 7 are rejected under 35 U.S.C. 102(a) as being anticipated by the AOL's web portal: <http://www.aol.com>.

As per claim 6, the web portal teaches a website in the Internet having a plurality of geographically defined communities comprising: a resident directory, business/organization directory, government offices directory; means for connecting said directories of each said geographically defined community; means for connecting said plurality of geographically defined communities; and means for connecting said directories with directory locations in said geographically defined communities.

As per claim 7, the web portal teaches a website in the Internet having a plurality of geographically defined communities comprising: a resident directory, business/organization directory, government offices directory, and a television directory; means for connecting said directories of each said geographically defined community; means for connecting said plurality of geographically defined communities; and means for connecting said directories with directory locations in said geographically defined communities.

*Conclusion*

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
